

# RAILWAY™ MODULAR HANDRAIL SYSTEM

The RAILWAY Modular Handrail System provides a quick and easy way to add handrails and barriers to almost any deck or porch and is available in 3 kits. These kits are designed to be combined and configured to create the layout you need, and can be easily mounted to an existing structure for an added level of safety.

Available in Architectural Finish or Black Powder Coat!

Post Kit

Post with 5' Handrail  
and Barrier Kit

5' Stair Handrail Kit

## POST KIT

- Made of light-weight, yet heavy-duty aluminum for years of maintenance-free use
- Constructed from an environmentally friendly material will not rust, rot, or deteriorate from the outdoor elements
- Easy to install and mount to a deck or porch
- Provides a sturdy support for handrails and barriers
- Can be used to create a custom handrail system

## POST WITH 5' HANDRAIL AND BARRIER KIT

- Can be mounted to an existing structure or an additional post for a complete handrail and barrier system
- Square aluminum post adds a modern and sleek look
- Dual round handrail tubes provide a secure and comfortable grip, ensuring multi-level safety
- The square barrier tube runs along the bottom—parallel to the top two handrails—providing an additional level of safety and security

## 5' STAIR HANDRAIL KIT

- Specifically designed for use on existing stairs
- Can be mounted to an existing structure or an additional post for a complete stair handrail system
- Round handrail tubes ensure a secure handhold while climbing stairs
- Enhances the safety of stairways without compromising aesthetics

THE RAILWAY MODULAR HANDRAIL SYSTEM IS COVERED UNDER THE EZ-ACCESS LIFETIME WARRANTY\* AND IS PROUDLY MADE IN THE USA.
